Work Experience

Emplorex Inc.   Brooklyn, NY
CEO/Founder   July, 2023 - Present

Built the MVP, a business suite for F&B industry. Led product design, development, and deployment. The platform helps cafes and restaurants manage supply chains, employee scheduling, and vendor relations. Onboarded a coffee shop chain as the first customer, improving their operations. Focused on delivering a scalable SaaS solution tailored to F&B business needs.

Hungry Ghost Coffee   Brooklyn, NY
Manager   2019 - Present

Managed operations across four coffee shop locations, overseeing staff, scheduling, and customer service. Ensured smooth workflows, optimized inventory, and maintained vendor relationships. Focused on improving efficiency and overall business performance.

Brooklyness   Brooklyn, NY
Engineer   2018 - 2019

Contributed to the development of software for Sturup's e-scooter system. Worked on optimizing performance, improving user experience, and ensuring smooth integration of key features within the platform. Focused on delivering scalable and reliable solutions for the e-scooter operations.

Autoliv   Poland, Wroclaw
Production line manager   2017 - 2018

Managed the production line for car airbag manufacturing, ensuring efficiency, quality control, and adherence to safety standards. Supervised teams, optimized workflows, and implemented process improvements to increase productivity.
